

Ohio Republican Party C00162339
Year End Report (12/1/03-12/31/03)

Please be advised that I have received your letter dated May 12, 2004. Following are my clarifications.

1) Schedule H4 Line 21a disclosing staff life and health insurance and housing allowance.

As of the time frame of this report only one staff member, our finance director was using 25% or more of thier time on federal election activity. The disbursement for that persons' health and life insurance were posted under Line 21b. The housing allowance was paid to our Chairman who was not spending 25% or more of his time on federal election activity. Therefore the disbursements were posted correctly.
